INT. HOUSE

MIKI (10), energetic and tenacious, clutches her difficult-to-handle foster cat, PIXEL.

Miki's PARENTS, a loving pair who practically speak in unison, stand at the door. MAGNUS, the family's sweet, cowardly Golden Retriever, hides behind them.

MIKI

You can't take Pixel back!

PARENTS

It's part of fostering. That was the deal Miki.

MIKI

But I love her.

PARENTS

I know, but Pixel also needs to be happy. All she does is hiss.

PARENTS (CONT'D)

It's also not fair for Magnus. Pixel attacks him.

MIKI

I can fix that. Pixel just needs more food and sun, and plants and toys.

PARENTS

You didn't really take care of her this last week.

MIKI

I will. Just give me one more week!

Gameplay starts.

The player must switch blocks and match at least three affection blocks to fill the affection meter. Once the meter is full, the player must match at least three goal blocks.

In Level 1, the goal block is a pet icon, representing Miki's first goal: petting Pixel.

When the player matches a goal block and presses Continue, the next cutscene plays.

INT. HOUSE

PARENTS

Pixel is certainly warming up to you. She really likes your pets now.

MIKI

I knew she loves me.

PARENTS

Great. Well your lovely cat should also smell lovely. We think It's time for a bath.

MIKI

No! She's gonna hate me.

PARENTS

Every relationship requires upkeep. It isn't always fun, but it's necessary. Mom and Dad have difficult times too. Afterward, our relationship is stronger.

MIKI

Yah but you're not a cat... Pixel does smell pretty bad though.

Gameplay resumes.

The goal block in Level 2 is a bath, representing Miki's goal of giving Pixel a bath.

When the player fills the affection meter, matches three goal blocks, and clicks Continue, the next cutscene starts.

INT. HOUSE

PARENTS

You've done a great job Miki. Cats really care about grooming and Pixel seems happier.

MIKI

She's even cuter now.

PARENTS

We're still worried about how well Pixel gets along with Magnus.

MIKI

I still have two more days.

PARENTS

You can't force someone to like  
someone else.

MIKI

I know, but they like the same  
things. It's gonna be hard, but  
hard stuff makes a relationship  
stronger right?

Gameplay resumes.

The goal block in Level 3 is a dog, representing Miki's goal  
of helping Pixel bond with Magnus.

When the player fills the affection meter, matches three goal  
blocks, and clicks Continue, the next cutscene starts.

INT. HOUSE

PARENTS

We called the animal shelter--

MIKI

No! We're all friends now.

PARENTS

Let me finish. We called to say  
that Pixel is part of our family.

MIKI

Yay!!!

Miki hugs Pixel and Magnus.

MIKI (CONT'D)

You two are the best! You too Mom  
and Dad.
